The foregoing is a correct statement of the financial affairs of the town for the past year.

The highway tax was found to be insufficient for its purpose and in order to meet this want a considerable outlay from the treasury was required.

The town debt at date is \$8,527 52, against \$26,406 71, as shown last year, being a reduction of \$17,879 19.

Respectfully submitted,

REPORT OF SCHOOL COMMITTEE.

DISTRICT No. 1, "UPPER VILLAGE."

This school, for the summer and fall terms, was under the care of Miss Fannie M; Webster, whose efforts were crowned with her usual perfect success.

Miss Marianna P. Clark, had charge of the school the first part of the winter term and there was every prospect of a very successful term in all departments. At the end of eight weeks, however, Miss C. accepted a more lucrative situation as teacher in Washington City, so that her connection with the school was brought to an abrupt termination, to the great regret of the whole district.

The services of Mr. Ellis J. Underhill, who taught this school two years ago, were fortunately obtained for the remainder of the term. The school was in all respects satisfactory.

DISTRICT No. 2, "LOWER VILLAGE."

The summer term was taught by Miss Julia I. Underhill. The school was characterized by perfect order and great thoroughness in every department of study.

During the fall term the school was under the care of Miss Annie M. Dockham, of Auburn.

Miss D. labored faithfully for the good of the school, and evidently discharged all the duties incumbent upon her, to the best of her ability.

Mr. Isaac Henry Jones, a well known and highly respected citizen of our town, and a person of great experience in teaching, had charge of the school, during the winter term. Under his skillful management, the school was a perfect success in all respects.

DISTRICT No. 3, AIKEN'S RANGE.

That this district is wide awake to the best interests of its young people, is evident from the fact that the old school-house has been moved and remodeled so that it now presents a most inviting appearance.

The school was taught during the summer and fall terms by Miss Abbie C. Shute, the teacher of the previous year, who gave good satisfaction to all the district.

DISTRICT No. 4, SOUTH RANGE.

Miss Fanny Montgomery taught the school during the summer term, with most satisfactory results.

She labored with energy and fidelity, and showed herself eminently qualified for her calling. The winter term was taught by Mr. Joseph W. Bean, who fully sustained his previous high reputation as an excellent teacher, and a perfect disciplinarian.

Through the neglect of the Prudential Committee to give notice of the close of the term, a definite report as to the final appearance of the school cannot be made.

DISTRICT No. 5, KIL-REA.

This school was taught in the summer and fall terms by Mr. F. J. Hughes, of Windham.

A marked improvement in order was visible, under his administration, and the school which has heretofore been one of the most backward, in town, now bids fair to take a favorable rank with others.

A more commodious and inviting school-house would doubtless do more towards advancing the mental and moral states of the pupils than any other influence that could be brought to bear upon them.

DISTRICT No. 6, "DERRY PEAK."

The school in this District was taught during the summer and fall terms by Miss Annie E. George. This was

in all respects a model school. The pupils gave evidence at the close of the term that they had been carefully and thoroughly instructed. The classes in reading and geography deserved especial commendation. Very fine specimens of map drawing were shown at the examination, which had been executed by the pupils during the term, the nicety and accuracy of which reflected great credit upon teacher and scholars.

DISTRICT No. 7. "POND DISTRICT."

This school was during the summer and fall terms under the charge of Miss Helen M. Merrill, who labored faithfully, and gave good satisfaction.

DISTRICT No. 8.—ENGLISH RANGE.

Miss Ida F. Sanders was the teacher of this school during the summer term, and her success was excellent. Miss S. is one of our brightest and most energetic teachers, and as such, she is sure to succeed wherever she is placed.

The winter term was taught by Miss Maria A. Cochran, from Corinth, Maine. The district was very fortunate in securing the services of so experienced and excellent a teacher. She combines with her many other good qualities, the very rare one of being able to draw out the latent power of each scholar, and of developing whatever ideas he may possess upon the subject under consideration. If one class might be singled out, where all were excellent, as deserving of especial praise at the examination, the class in arithmetic might be mentioned.

DISTRICT No. 9—WEBSTER DISTRICT.

Miss Clara A. James taught this school during the summer and fall terms. She fully sustained in this school the high character which she has acquired by her previous experience as a teacher. Her school was a success in all respects.

DISTRICT No. 10.—(Classes with Londonderry.)

DISTRICT No. 11.—DERRY DEPOT.

Under the continued care of Miss Ellen L. Kimball this school steadily improves, and both teacher and scholars are doing themselves credit.

DISTRICT No. 12.—WATERMAN HILL.

This school was taught during the summer and fall by Miss Eliza F. Rogers, with her usual success.

The above report with the accompanying table of statistics is respectfully submitted,

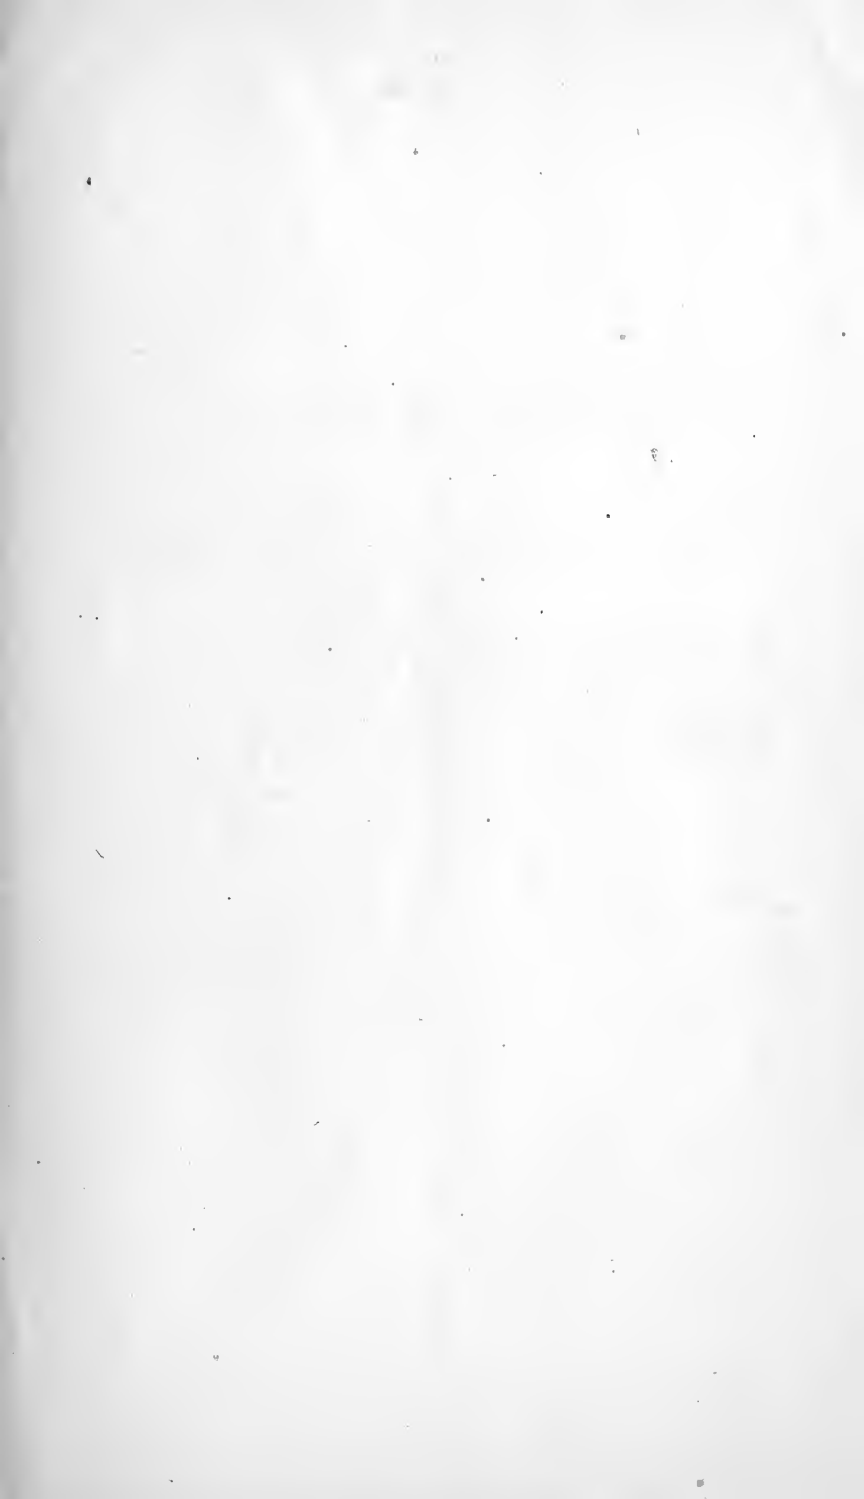

D. S. CLARK, School Committee.
